

Waivers and Discounts

For authors publishing in APJON, the journal offers waivers and discounts to corresponding authors based in developing countries.

To ensure that editorial decisions are never influenced by ability to pay, it is APJON policy that editors of open access journals are not involved in correspondence with authors regarding payment of Article Publication Charges (APCs). The automatic waiver system will be managed by administrative staff not involved in decisions regarding article acceptance. We ask authors not to discuss any issues concerning payment with editors.

Automatic Waivers

Corresponding authors based in the following countries are eligible to receive an automatic waiver for APCs* when publishing in APJON:

*Automatic waivers will only be applied if the corresponding author requests a waiver at the payment step during article submission.
